

## **Help a North American missionary by sending supplies for ministry and outreach.**

Each year, WMU and the North American Mission Board select missionaries who will be featured in Christmas in August. These missionaries provide a list of items they need for ministry and outreach.

Select a featured missionary (or two or three), collect the requested items and mail the items to the missionaries. Your gifts will make an eternal impact.

- ▷ "Jesus Storybook Bibles" by Sally Lloyd-Jones
- ▷ basic school supplies of all kinds
- ▷ children's toothbrushes and toothpaste
- ▷ stuff to promote healthy outdoor activity (throwing disks, balls, etc.)

Redeeming Life serves on the west side of Salt Lake City. Our area is a lower-income area and only 2 percent of the people here are Christians. More than 40 percent of our church is in the fifth grade or lower. Because we have so many children in our church, we believe God is calling us to reach the next generation now. We hope to assist children in the community with school supplies and other necessities. It is likely the children in our church will lead the way as missionaries to the lost children in the community.

- ▷ inexpensive school backpacks

Elevate Church is located in the Eastport community of Annapolis, Maryland. This community is a small peninsula approximately 1 mile long and 5 blocks wide where more than 3,000 people live very close to one another. The area is very diverse both racially and socio-economically. People with extreme wealth or poverty live side-by-side. Elevate Church's ministries focus on the needs of lower-income, under-served families — many of which are single-parent homes. In this area of high crime and extreme poverty, Elevate Church hosts after-school programs for children, sports camps, art camps, children's clubs, fall festivals and other community events to help share the love of Jesus.

## Alan Berthiaume

257 Harvard Street  
Quincy, MA 02170

- ▷ construction paper
- ▷ children's scissors
- ▷ crayons
- ▷ non-toxic glue or glue sticks
- ▷ pencils
- ▷ Stop & Shop gift cards (\$20)
- ▷ Walmart gift cards (\$20)

We can use these resources with our children's ministry, especially in light of VBS and our hope for ongoing children's activities for our community. Our outreach ministry tends to cross paths often with people in Quincy who have very basic needs. We partner with a local food pantry, but even that does not reach every individual. We would be very blessed if you could serve us by providing gift cards to the grocery store. These are extremely useful when witnessing and distributing tracts as we often meet those who have practical needs as well. Thank you for your servant-hearted and gracious spirit towards our little church plant. We are so thankful to see how the Lord uses the body of Christ to meet each other's needs.

- ▷ self-adhesive notes (Post-It notes)

Remedy is a church plant in Portland, Oregon. We have found lots of favor in the schools. One of the dreams of the specific school we minister to: it has a great need for books. The gift cards will allow teachers to purchase books. We would LOVE to put together "love packets" for teachers when school starts at the end of August to bless the whole school. We pray for God's kingdom to expand and the church to grow as we love on our city and build up the dreams of our neighbors in the name of Jesus.
