

Looking for the mission studies that go along with Missions for Life 2025-26?

We haven't forgotten them!

Due to potential for changes in personnel safety and other concerns, the monthly mission studies are made available throughout the year as digital downloads.

The mission studies for use with Missions for Life 2025-26 are available as PDF downloads through your wmu.com customer account.

Visit tinyurl.com/AccessDigitalPurchases for instructions on accessing the "Digital Assets" area of your account.

Each month's mission study and accompanying lesson plan will be available in your customer account approximately one month prior to the unit month. See the release schedule listed in the column on the right.

The mission studies will inform your church about the work Southern Baptist missionaries engage in across the United States and around the world.

We pray these resources help your church live on mission and reach those around you with the gospel.

Mission Study Release Schedule*
