Planning for Adults on Mission

The success of your Adults on Mission group hinges on the type and depth of planning involved. Planning is a process that takes time, but it will increase the effectiveness of your Adults on Mission group.

Keep several things in mind as you make plans.
• What are the goals for the Adults on Mission group to accomplish?
• How do the plans connect with the mission statement of your church?
• What are the missions experiences, projects, or activities that will help the group accomplish its goals?

Planning Tips
• Surround your plans with prayer. Pray the Adults on Mission group accomplish God's purposes for His glory.
• Include those who participate in Adults on Mission in making plans for the group. People have more of a connection when they have been involved in the plans.
• Make overall plans for the year, and determine the length of time to make specific plans, whether quarterly, six months, or the entire year.
• Use Adults on Mission Leader, Missions Mosaic, and Missions Leader: WMU Planning Guide as resources in planning for your group.
• Consider associational, state, and national WMU activities, projects, or events as you choose missions experiences for the group.
• Map out specific activity plans for the date, time, leaders needed, supplies, and publicity.
• Schedule activities or events on the church calendar.
• Evaluate and revise plans as needed.
