RA LEADERS: To measure attendance and progress on patches, write each boy's name in the first column. Record attendance each week by placing check marks in the small boxes. Below the check-mark area, print the name of the patch the RA seeks to earn. Once a patch has been earned, write the completion date in the space, order the patch, and present it to the RA. Determine the next patch to be earned, record in the next space, and repeat throughout the year.
