

October Bulletin Board Idea

Supplies: blue butcher paper, scissors, stapler, markers, construction paper, glue sticks

Directions:

1. Cover a bulletin board with blue butcher paper. Use construction paper to make a house, green grass, a sidewalk, and fall trees. Staple the pieces on the blue paper.
2. Cut fluffy white clouds from construction paper. Add the clouds to the sky. On one cloud, print: **Love each other (see John 15:17).**
3. On the grass, print: **Sam and Olivia Martyn* love families in Central Asia.**
4. At the very bottom of the bulletin board, in small letters print: ***Names Changed.**
5. Invite preschoolers to draw pictures of their families on construction paper. Add pictures to the bulletin board.
