

Missions Discipleship for Students

No longer a child but not yet an adult, teenagers are living through a unique and formative time of life. That's why it is so important to be sure students have a firm foundation before they head off to make their way in the world.

Missions discipleship for teens instills a strong biblical framework, awakening a passion for the gospel of Jesus Christ and providing opportunities for students to live out their faith in a tangible way. Missions discipleship guides students passionately devoted to Christ into avenues of service.

Youth on MissionSM is a missions discipleship group for students in grades 7–12. Students who are active in Youth on Mission not only learn more about biblical truths, but they also learn how to apply them in their daily lives. They have opportunities individually and in groups to put into practice what they are learning. This includes the opportunity to share their faith in Christ in a variety of ways and in a variety of settings.
