

November Bulletin Board Idea

Supplies: blue, green, and white butcher paper; construction paper; scissors; stapler; markers

Directions:

1. Cover a bulletin board with blue paper. Cut tall pine trees from green butcher paper to add to the background. Cut brown construction paper into trunks for the trees and staple them in place. Add a yellow construction paper sun.
2. Cut black construction paper to make a winding road along the bottom of the bulletin board. Staple in place.
3. Make a large recreational vehicle (RV) with white butcher paper. Add tires, windows, and vehicle decorations using construction paper and markers. Staple the RV to the bulletin board so the tires rest on the road.
4. Use a marker to print: **Pray for chaplains who tell people in RV campgrounds about Jesus.** on the bulletin board.
