

## Learning About God's Creation

This month, Mission Friends will learn about the Christian concept area of God's creation. Even if you live in a place where there is a lot of snow and ice in February, there are ways you can search for and talk about the amazing world God created!

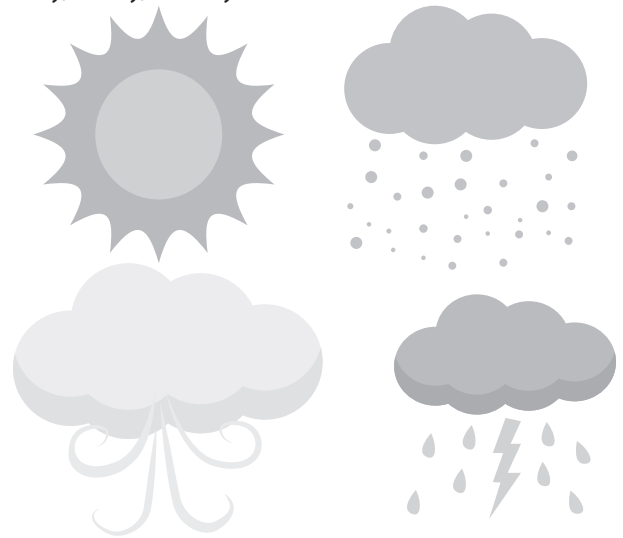

### God's Creation Scavenger Hunt

Take your preschooler on a scavenger hunt to look for evidence of God's creation.

- Look inside your house. Did your child find any plants, animals, or people?

- Walk around your neighborhood. Was the weather sunny, snowy, windy, or rainy?

- Visit the grocery store. How many things can your preschooler name that were created by God?

- Take a trip to the zoo or pet store. What is the favorite thing your child discovered that was created by God?

After completing the scavenger hunt, read this Bible thought with your preschooler and give thanks to God for His creation.  
**Open the Bible and read:** Look at the wonderful things God made (see Job 37:14).
