

Acteens

When teen girls are faced with the challenges of the world, keeping the Great Commission central in their discipleship can help them answer essential questions about identity, belonging, and purpose. Churches that love their communities and are serious about the lost help dispel the world's lies about Christianity and expose teen girls to the transforming power of Jesus. When teen girls learn to share the gospel and be on mission, they internalize their faith and are more likely to remain engaged in the church as disciples of Jesus who live on mission.

Through *Missions Journey: Students*, teen girls in grades 7-12

- **learn** about how SBC missionaries are engaging the lost throughout North America and around the world;
- **pray** for missionaries and learn how God calls, sustains, and guides them through Scripture;
- **support** missions through giving their money, time, and talents; and
- **do** missions and tell others about Jesus by planning and leading missions projects to share the love of Christ in their community and beyond.
